

# METAL-CLAD WALL MOUNTED ASD/LASD HOUSING

P/N EF-MCH-ASD1 Single Pipe

P/N EF-MCH-ASD2 Dual Pipe

The EF-MCH-ASD1/2 is a lockable weather-proof steel enclosure, designed to house the EF-ASD and EF-LASD range of products where additional mechanical and environmental protection is required.

It is available in either single or dual pipe versions and has the following features:

- Epoxy coated steel enclosure
- Lockable, removable door
- Internal chassis plate for ease of ASD/LASD replacement and access
- Removable cable gland plate
- Pipes are easily fitted or removed through integral tank connectors
- Pipe shrouds are supplied to prevent water ingress
